

# RAPTRAC™

Recycled road pavement solution

## **RECYCLED ASPHALT PAVEMENT** **Graded: 40mm minus**

RAPTRAC™ is a graded product for easy placement. It has residual bitumen binder content which helps hold the product together and makes it more impervious to rain than other haul road materials.

### **APPLICATION**

Rural and large acreage gravel driveways (repairs and cap sealing), and sealing aggregates for construction site compounds.

### **AVAILABILITY**

South East Queensland

To order RAPTRAC™ please call:  
**1300 784 853**
