R U OK DAY?

The last couple of years have been hard. Leading psychologists have said that living through this pandemic is probably the most sustained and serious stress that many of us will face in our lifetimes.

Most of us will have had times over the past year when we – or those closest to us – have struggled.

R U OK? Inspire and empower everyone to meaningfully connect with the people around them and start a conversation with those in their world who may be struggling with life.

You don't need to be an expert to reach out - just a good friend and a great listener.

Use these four steps and have a conversation that could change a life:

1. Ask R U OK?
2. Listen
3. Encourage action
4. Check in

Our Boral sites will recognise the importance of asking our workmates, family and friends R U OK through BBQs and activities.

Did you know?

There are 90 people employed at the Boral Marulan South Limestone Mine with an average age of 49 years and 6 months. On average these 90 people have an average tenure of 19 years and 4 months!

Goulburn Community Bike Ride

The Boral Marulan South Operations have supported the Goulburn Community Bike Ride for several years now and we will continue this support as we encourage vehicles, bikes riders and pedestrians to safely share the road with each other.

The 5km bike ride was due to be held at Carr Confoy Eastgrove at the end of January. However due to COVID it was postponed. The good news is it's back on the 18th September at 10am!

To register your interest go to Council's Facebook event page!

Snap of the Month!

After all of the rain recently we were lucky to capture a beautiful rainbow overlooking the Peppertree Quarry pit!
