

Boral Construction Materials – Metro NSW

Service Fees: Normal Testing Rates

For Sampling, Collection & Testing during Normal Hours 6AM-5PM Mon-Fri, 6AM-1PM Sat

Effective 1st April 2021 – All prices are subject to change without notice.

Code	Test Description	Price Excludes GST	Units
232362	Compressive Strength Test (100x200mm cylinders) Cast, cure & crush cylinders. <i>Minimum Charge of \$246 includes 3 specimens per Concrete Load Sampled (includes slump/spread/flow test on that sample)</i> <i>Additional Cylinder</i>	\$246.00 (min. charge) \$82.00 (extra cylinder)	per test per cylinder
228360	<i>1 Day Early age Compression Test fee</i>	\$40.00	per cylinder
232365	Slump Test Rate applicable when no compression cylinders are required.	\$45.00	per test
232362	The minimum charge of \$246 will apply per visit (includes one Slump test). Tester standby fee also applies if no compressive strength cylinders are taken, per project per day.	\$246.00 (min. charge)	per visit
232367	Spread/Flow Test Rate applicable when no compression cylinders are required.	\$45.00	per test
232362	The minimum charge of \$246 will apply per visit (includes one Spread/Flow test). Tester standby fee also applies if no compressive strength cylinders are taken, per project per day.	\$246.00 (min. charge)	per visit
232368	Flexural Strength Test (100x100x350mm beams) Cast, cure & compression test beams. <i>Minimum Charge of \$450 includes 3 specimens per concrete load sampled.</i>	\$450.00 (min. charge) \$150.00 (extra beam)	per sample per additional beam
228965	Grout Cubes (set of 3 specimens) Cast, Cure & Compression test Additional Cube	\$240.00 \$80.00 (extra cube)	per set per additional cube
228966	Pickup, Cure & Crush (min charge customer cast)	\$140.00	per set
232366	Drying Shrinkage Test (set of three prisms) Cast, cure & measure prisms (up to 56 days) Cast, cure & measure prisms (up to 91 days)	\$450.00 \$470.00	per set per set
232370	Air Content Test	\$90.00	per test
232379	Fibre Count	\$270.00	per test
Other tests not listed – e.g. Yield, Bleed, Nord, Maturity Meter, Schmidt Hammer, J Ring, T500, Water Permeability, Chloride Permeability (2 methods), Coring, Indirect Tensile Strength, Combined Grading.		P.O.A. Boral will provide a quote and item code at time of such testing being requested. Testing will not be performed until the quote has been accepted in writing.	
131452	Tester Standby Fee (Charged for slow or customer delayed pours where tester is on site in excess of 60 mins per standard test. A Standard Test is taken to be one (1) set of compressive strength cylinders or four (4) slump tests (Charged in ¼ hour intervals)	\$80.00	per hour - per tester
131431	Tester Induction Fee (Charged where testers are required to attend site inductions before carrying out testing duties)	\$50.00	per hour – per tester
170926	Testing Cancellation Fee (Charged when testing cancelled by customer within one (1) hour of originally scheduled start time for Normal Hours Work or 24 hours for Out of Hours Work)	Normal Hours \$150.00 Out of Hours \$600.00	per cancellation
232382	On-Site Curing (Charged where customer requests cylinders left on site in contradiction to the requirements of Australian Standards. Boral does not charge extra for testing cylinders that are collected the next working day and air cured at our laboratory.)	\$200.00	per cylinder
131456	Tester Parking Costs (Charged where no area set aside for tester's vehicle).	\$100.00	per tester per day
131457	Tester Travel Costs per km (round trip) Charged from nearest Boral Laboratory (Not Applicable if within 50km.)	\$1.60	per km.
228362	Alteration to Curing Age or Compression Test Date Charged when client requests changes to the curing regime or compression test date	\$50.00	per cylinder/specimen

Boral Construction Materials – Metro NSW

Service Fees: Outside Normal Hours Testing Rates

For Sampling, Collection & Testing outside of Normal Hours

Effective April 1st, 2021 – All prices are subject to change without notice.

The following rates are applicable to concrete sampled and collected and are **additional** to relevant Testing Rates for Normal Hours unless stated otherwise.

Code	Test Description	Price Excludes GST	Units
	Tester Standby Fee (As per product code 131452 on previous page; not charged in addition)	\$120.00	per hour – per tester
131434	Out of Hours Establishment Fee Charged for attending customer sites outside of normal hours for the purpose of sampling concrete and/or collecting specimens at the request of the customer.	\$600.00	each establishment
232244	Lab Opening Fee Charged for opening laboratory outside of normal hours for purposes of measuring hardened properties of concrete specimens at the request of the customer. Rate is payable regardless and in addition to other testing charges. Fee will be charged if cancellation occurs within 24 hours of agreed lab opening time.	\$500.00	each opening

Service Fees: Sunday & Public Holiday Testing Rates

For Sampling, Collection & Testing on Sundays and Public Holidays

Effective April 1st, 2021 – All prices are subject to change without notice.

The following rates are applicable to concrete sampled and collected and are **additional** to relevant Testing Rates for Normal Hours unless stated otherwise.

Code	Test Description	Price Excludes GST	Units
	Tester Standby Fee (As per product code 131452 on previous page; not charged in addition)	\$160.00	per hour – per tester
	Out of Hours Establishment Fee Charged for attending customer sites outside of normal hours for the purpose of sampling concrete and/or collecting specimens at the request of the customer.	\$800.00	each establishment
	Lab Opening Fee Charged for opening laboratory outside of normal hours for purposes of measuring hardened properties of concrete specimens at the request of the customer. Rate is payable regardless and in addition to other testing charges. Fee will be charged if cancellation occurs within 24 hours of agreed lab opening time.	\$750.00	each opening
