

Boral Construction Materials – Country NSW & ACT

Service Fees: General

Effective 1st April 2020 - All prices are subject to change without notice.

<u>Item</u>	<u>Description</u>
Extra Cartage	An additional charge of \$3.00 + GST per m ³ per km applies for loads delivered more than 20kms from the nearest Boral plant. A minimum of 3 m ³ applies.
Minimum Load	A fee of \$75 per m ³ + GST applies for loads delivered less than 3 m ³ . Calculated as: Shortfall x per m ³ rate.
Out of hours	The following fees apply for deliveries out of hours. A minimum of 3 m ³ applies*: - Monday – Friday 5.00 pm to 6.00 am: \$50 per m ³ + GST - Saturdays 12.00 pm to 12.00 am: \$70 per m ³ + GST - Sundays & Public holidays: \$110 per m ³ + GST <i>Note: Fees applies at the concrete batch time, not delivered time.</i> * Saturday mornings prior to 6.00 am calculated \$50 per m ³ + GST, Monday mornings prior to 6.00 am calculated at \$110 per m ³ + GST.
Plant Opening	In addition to the out of hours fee, a plant opening fee of \$2,500 + GST will be applied to open the plant outside normal operating hours. Note: 48 hours' notice is required.
Cancellation	A fee of \$1,500 + GST applies when a pour < 50m ³ is cancelled after 3.00 pm the day prior and a fee of \$3,000 + GST applies when a pour > 50m ³ is cancelled after 3.00 pm the day prior
Waiting Time	Calculated from time of arrival on site per minute > 30 minutes x rate. - Normal hours: \$3.30 per minute + GST - Out of hours: \$6.60 per minute + GST
Credit Card	A 0.8% surcharge applies to all credit card transactions on account sales. A 2.7% surcharge applies to all AMEX transactions on account sales. A 3.0% surcharge applies to all Diners transactions on account sales.
Disposal	Over ordered or surplus concrete can be returned in the delivery vehicle for environmentally responsible disposal if no facility is provided on site. Returned concrete will be charged at \$200 per m ³ + GST or part thereof.
Pump Blowback	A fee of \$500 per load + GST in addition to the disposal fee will be charged for all pump blowbacks. Note: Pump blowback will only be undertaken if safe to do so.
Plant Mixing	A fee of \$100 per load + GST applies where concrete is mixed in a Boral plant and taken away in the customer's vehicle.
Standby Fee	A fee of \$200 per 60 minutes per truck applies where deliveries scheduled out of hours are delayed.
Administration Fee	A fee for the supply of additional copies of delivery dockets, invoices and/or statements at a customer's request. \$20 per document.
Small Aggregate	A fee for the supply of smaller aggregate mixes (less than 20mm). \$10 per m ³ .
Slump Modification	A fee where an increase of slump is requested from the mix standard, at the rate of \$4 per 20mm.

Quote conditions and Conditions of Quotation & Supply apply in addition to the above.

Boral Construction Materials – Country NSW & ACT

Service Fees: Normal Hours Testing Rates

For Sampling, Collection & Testing during Normal Hours 6AM-5PM Mon-Fri, 6AM-1PM Sat

Effective 1st April 2020 - All prices are subject to change without notice.

Test Description	Price Excludes GST	Units
Compressive Strength Test (100x200mm cylinders) Cast, cure & crush cylinders <i>Minimum Charge of \$240.00 includes 3 specimens per Concrete Load Sampled (includes slump / spread / flow test on that test)</i> 1 day early age fee	\$240.00 (min charge) \$80.00 (extra cyl) \$35.00	per test per additional cylinder per cylinder
Slump Test Rate applicable where no compression cylinders required. <i>A minimum of \$240.00 will apply per visit (includes one slump test) Tester standby fee also applies if no cylinders taken per project per day</i>	\$240.00 (min charge) \$40.00 (extra test)	per visit per additional test
Spread/Flow Test Rate applicable where no compression cylinders required. <i>Tester standby fee also applies</i>	\$40.00	extra per test
Flexural Strength Test (100x100x350mm beams) Cast, cure & crush beams <i>Minimum Charge of \$420 includes 3 specimens Per Concrete Load Sampled</i>	\$420.00 (min charge) \$140.00 (extra beam)	per sample per additional beam
Grout Cubes (set of 3 specimens) Cast, Cure & Crush Cure & Crush (where cast & delivered by customer)	\$225.00 \$140.00	per set per set
Drying Shrinkage Test (set of three prisms) Cast, cure & measure prisms (up to 56 days) Cast, cure & measure prisms (up to 91 days)	\$410.00 \$430.00	per set per set
Air Content Test	\$90.00	per test
Other tests not listed – eg. Yield, Bleed, Nord, Maturity Meter, Schmidt Hammer, J Ring, T500, Water Permeability, Chloride Permeability (2 methods), Coring, Indirect Tensile Strength, Combined Grading, fibre count	P.O.A. Boral will provide a quote and item code at time of such testing requested. Testing will not be carried out until the quote has been accepted in writing	
Tester Standby Fee Charged for slow or customer delayed pours where tester is on site in excess of 60 mins per standard test. A Standard Test is taken to be one (1) set of compressive strength cylinders or slump test (Charged in ¼ hour intervals)	\$60	per hour per tester
Tester Induction Fee (Charged where testers are required to attend site inductions before carrying out testing duties)	\$60	per person, per hour
Testing Cancellation Fee Charged when testing cancelled by customer within one (1) hour of originally scheduled start time for Normal Hours Work or 24 hours for Out of Hours Work)	Normal Hours \$150.00 Out of Hours \$315.00	per cancellation
On-Site Curing (Charged where customer requests cylinders to be left on site. Boral does not charge extra for testing cylinders that are collected the next working day and air cured at laboratory.)	\$200.00	per cylinder
Tester Parking Costs (Charged where no area set aside for tester's vehicle)	\$75.00	per day
Tester Travel Costs per km (round trip) from nearest Boral Laboratory (Not Applicable if within 50km)	\$1.50	per km
Tester Travel Costs Overnight	\$200.00	per night
Alteration to Curing Age (Charged when client requests change to the curing regime)	\$50.00	per cylinder

Boral Construction Materials – Country NSW & ACT

Service Fees: Outside Hours Testing Rates

For Sampling, Collection & Testing outside Normal Hours excluding Sundays & Public Holidays

Effective 1st April 2020 - All prices are subject to change without notice.

The following rates are applicable to concrete sampled, collected and tested outside Normal Hours.

Test Description	Price Excludes GST	Units
Compressive Strength Test (100x200mm cylinders) Cast, cure & crush cylinders <i>Minimum Charge of \$360.00 includes 3 specimens per Concrete Load Sampled (includes slump / spread / flow test on that test)</i>	\$360.00 (min charge) \$120 (extra cyl)	per test per additional cylinder
Slump Test Rate applicable where no compression cylinders required <i>A minimum of \$360.00 will apply per visit (includes one slump test) Tester standby fee also applies if no cylinders taken per project per day</i>	\$360.00 (min charge) \$60 (extra test)	per visit per additional test
Tester Standby Fee	\$90.00	per person, per hour
Lab Opening Fee Opening laboratory for purposes of measuring hardened properties of concrete test specimens. Rate is payable regardless and in addition to other testing charges. Fee will be charged if cancellation occurs within 24 hours of agreed lab opening time.	\$500.00	each opening

All other tests charged at an additional 50% premium to Normal Hours rates, Mon-Fri 6AM-5PM, Sat 6AM-1PM

Boral Construction Materials – Country NSW & ACT

Service Fees: Sundays & Public Holidays Testing Rates

For Sampling & Testing on Sundays and Public Holidays

Effective 1st April 2020 - All prices are subject to change without notice.

The following rates are applicable to concrete sampled, collected and tested outside Normal Hours.

Test Description	Price Excludes GST	Units
Compressive Strength Test (100x200mm cylinders) Cast, cure & crush cylinders <i>Minimum Charge of \$450.00 includes 3 specimens per Concrete Load Sampled (includes slump / spread / flow test on that test)</i>	\$480.00 (min charge) \$160.00 (extra cyl)	per test per additional cylinder
Slump Test Rate applicable where no compression cylinders required <i>A minimum of \$450.00 will apply per visit (includes one slump test) Tester standby fee also applies if no cylinders taken per project per day</i>	\$480.00 (min charge) \$80.00 (extra test)	per visit per additional test
Tester Standby Fee	\$120.00	per person- per hour
Lab Opening Fee Opening laboratory for purposes of measuring hardened properties of concrete test specimens. Rate is payable regardless and in addition to other testing charges. Fee will be charged if cancellation occurs within 24 hours of agreed lab opening time.	\$500.00	each opening

All other tests charged at an additional 100% premium to Normal Hours rates, Mon-Fri 6AM-5PM, Sat 6AM-1PM
